

# STRATEGO Jean Monnet Centre of Excellence

## SUSTAINABILITY AND TRUST IN EU MULTI-LEVEL GOVERNANCE

### Overall Aim

The STRATEGO Jean Monnet Centre of Excellence aims to teach, study and disseminate knowledge on the dynamics, causes and effects of trust between the actors and institutions involved in EU multi-level governance of sustainable development, focusing on business and entrepreneurship, climate and biodiversity, and health policies.

### Consortium

STRATEGO is a joint venture of 7 research groups and 14 core faculty members within the faculties of Social Sciences, Business and Economics, Law, Science, and Medicine and Health Sciences at the University of Antwerp.

### Our Strategy

#### Teaching programme

STRATEGO creates teaching synergies and is a hub for EU-related teaching in bachelor, master and post-graduate programmes at the University of Antwerp.

#### Research agenda

STRATEGO facilitates and supports the development of joint research in the consortium and promotes excellence in EU-related research at the University of Antwerp.

#### Outreach activities

STRATEGO promotes enhanced understanding of EU governance on sustainable development to the general public by fostering the dialogue between academia and society.
