ORIGINAL FILE NUMBER ETHICS COMMITTEE SSH:

EXECUTING RESEARCHER(S):

SUPERVISOR(S):

- 
1. Describe the rationale for and outlook of the proposed changes.
  
  2. Do you consider that the proposed changes will influence the risk/gain ratio for the participants? If so, in which way?
  
  3. Do the changes to your study demand updates of the material used for and by the participants? If so, please attach the following documents (if applicable):
    - Statement of changes
    - An updated information consent form
    - Debriefing forms (if applicable)
    - Other: .....

4. Provide a list of all individuals that will cooperate in the project as well as their respective roles. If this list has not changed since the first application for ethical review, you do not have to answer this question.
