

## Composition of the Ethical Committee for Animal Testing UAntwerp 2022-2026

### EXECUTIVE COMMITTEE

Van Dam Debby, chair

*Department of Biomedical Sciences, Institute Born-Bunge*

*Research group: Neurochemistry and behaviour*

[debby.vandam@uantwerpen.be](mailto:debby.vandam@uantwerpen.be)

Expertise: animal health and welfare, research techniques, experimental design, statistical analysis

Kristof Deseure, vice chair

*Department of Algology*

*Research group: Antwerp Surgical Training, Anatomy and Research Centre (ASTARC)*

[kristof.deseure@uantwerpen.be](mailto:kristof.deseure@uantwerpen.be)

Expertise: animal health and welfare, research techniques, experimental design, statistical analysis

Chris Van Ginneken, academic secretary

*Expert responsible for the surveillance of animal health and welfare*

*Department of Veterinary Sciences*

*Research group: Applied veterinary morphology*

[chris.vanginneken@uantwerpen.be](mailto:chris.vanginneken@uantwerpen.be)

Expertise: ethics, animal health and welfare, research techniques, experimental design

### MEMBERS

Guido De Meyer

*Department of Pharmaceutical Sciences*

*Research group: Physiopharmacology (PHYSPHAR)*

[guido.demeyer@uantwerpen.be](mailto:guido.demeyer@uantwerpen.be)

Expertise: research techniques, experimental design, statistical analysis

Philippe Joye

*Faculty of Medicine and Health Sciences*

*Research group: MICA - Molecular Imaging Center Antwerp*

[philippe.joye@uantwerpen.be](mailto:philippe.joye@uantwerpen.be)

Expertise: animal health and welfare, research techniques, experimental design

Dries Knapen

*Department of Veterinary Sciences*

*Research group: Veterinary physiology and biochemistry*

[dries.knapen@uantwerpen.be](mailto:dries.knapen@uantwerpen.be)

Expertise: alternative methods for animal testing, research techniques, experimental design, statistical analysis

Christel Jacobs

*Expert responsible for the surveillance of animal health and welfare*

*Manager central animalarium*

[christel.jacobs@uantwerpen.be](mailto:christel.jacobs@uantwerpen.be)

Expertise: animal health and welfare

Wendt Müller

*Departement of Biology*

*Research group: Behavioural Ecology & Ecophysiology*

[wendt.müller@uantwerpen.be](mailto:wendt.müller@uantwerpen.be)

Expertise: animal health and welfare, research techniques, experimental design

Patrick Rüdelsheim

*Perseus BVBA*

*Expert biosafety*

[patrick.rudelsheim@perseus.eu](mailto:patrick.rudelsheim@perseus.eu)

Expertise: ethics, animal health and welfare, experimental design

Annemieke Smet

*Department of Gastroenterology and Hepatology*

*Research group: Laboratory Experimental Medicine and Pediatrics (LEMP)*

[annemieke.smet@uantwerpen.be](mailto:annemieke.smet@uantwerpen.be)

Expertise: research techniques, experimental design, statistical analysis

Samir Kumar-Singh

*Faculty of Medicine and Health Sciences*

*Research group: Molecular Pathology*

[samir.kumarsingh@uantwerpen.be](mailto:samir.kumarsingh@uantwerpen.be)

Expertise: alternative methods for animal testing, research techniques, experimental design, statistical analysis

Stephan Missault

*Research, Innovation & Valorisation Antwerp*

[stephan.missault@uantwerpen.be](mailto:stephan.missault@uantwerpen.be)

Expertise: animal health and welfare, research techniques, experimental design, statistical analysis

Kristien Hens

*Department of Philosophy*

[Kristien.Hens@uantwerpen.be](mailto:Kristien.Hens@uantwerpen.be)

Expertise: ethics

## **OBSERVERS**

Emma Goemaere

Administrative secretary

tel: 03/2659 89 10

[emma.goemaere@uantwerpen.be](mailto:emma.goemaere@uantwerpen.be)

[ecd@uantwerpen.be](mailto:ecd@uantwerpen.be)

Sarah Claes

*Representative of RIVA - Research, Innovation & Valorisation Antwerp*

[sarah.claes@uantwerpen.be](mailto:sarah.claes@uantwerpen.be)

[ecd@uantwerpen.be](mailto:ecd@uantwerpen.be)
