| Course title                                                                              | Organization                                     | Credits | Date approval |
|-------------------------------------------------------------------------------------------|--------------------------------------------------|---------|---------------|
| Advanced Course on Data Science & Machine Learning                                        | University of Catania & University of Florida    | 8       | nov/23        |
| Advanced Doctoral Course on Case Studies in Business and Management Research              | Aalto University - EIASM                         | 6       | apr/26        |
| Advanced Labour Economics                                                                 | Utrecht University                               | 5       | sep/23        |
| Advanced Microeconomics                                                                   | Jimma University                                 | 3       | mei/24        |
| ADVANCED QUALITATIVE METHODS FOR USER AND CONSUMER RESEARCH                               | Aalborg University                               | 4       | aug/23        |
| Advanced Qualitative Research with NVivo                                                  | University of Ljubljana                          | 4       |               |
| Advanced Research Methodology in Economics                                                | Jimma University                                 | 3       | mei/24        |
| APPLIED DISCRETE CHOICE AND PANEL DATA ANALYSIS WITH STATA AND R                          | University of Ljubljana                          | 4       |               |
| Applied Research Methods - 2054GENEP1                                                     | Universiteit Antwerpen                           | 5       | feb/26        |
| Applied Sustainability Assessment                                                         | KU Leuven                                        | 4       | okt/23        |
| Applied Sustainability Assessment                                                         | KU Leuven                                        | 4       | sep/25        |
| Applied Time Series Analysis and Forecasting with Stata and R                             | University of Ljubljana                          | 4       | apr/24        |
| Assessing Economic Policies Using the Real Options Methodology                            | Wageningen university                            | 3       | aug/24        |
| Automated Deep Learning Meets High-Performance Computing                                  | Catania University                               | 8       | jun/24        |
| Beleid en context van de culturele en creatieve sectoren                                  | Universiteit Antwerpen                           | 5       | jul/25        |
| Beleid en context van de culturele en creatieve sectoren                                  | Universiteit Antwerpen                           | 5       | jul/25        |
| Capita selecta: Reinforcement Learning for Operations Management                          | Logistics (GP-OML)                               | 4       | jun/26        |
| Case-Study Approaches to Theory Building                                                  | Copenhagen Business School                       | 5       | feb/24        |
| Causal Inference in Microeconometrics with Applications to Program Evaluation             | Universiteit Gent                                | 8       | jun/24        |
| City Lab VIII: Healthy Cities                                                             | Universiteit Antwerpen                           | 3       | sep/22        |
| Classic Themes and Contemporary Challenges for Public Governance                          | NIG                                              | 4       | sep/25        |
| Comparative Historical Analysis                                                           | ECPR Winter School                               | 4       | jan/22        |
| Contemporary Research in Human Resource Management from a Nordic perspective              | University of Gotheburg                          | 7,5     | okt/24        |
| Cultural entrepreneurship and innovation ( 2133TEWMCM)                                    | Universiteit Antwerpen                           | 3       | jan/26        |
| Deep Generative Models                                                                    | Universiteit Gent                                | 4       | feb/26        |
| Deep Learning and Computer Vision                                                         | University of Genoa                              | 6       | mei/23        |
| Designing, Implementing and Evaluating Organizational Interventions                       | NIVA Education                                   | 2       | aug/24        |
| Development and Institutions                                                              | Université de Namur                              | 2       | sep/22        |
| Dynamic optimisation                                                                      | ULB                                              | 5       | jun/24        |
| Ecological Economics                                                                      | Universiteit Gent                                | 6       | jan/24        |
| Econ 603 - Data Analysis                                                                  | University of Alberta                            | 3       | jun/22        |
| Economic Psychology                                                                       | University of Ljubljana                          | 4       | jan/24        |
| Eden doctoral seminar on advanced experimental research design                            | EIASM                                            | 3       | sep/25        |
| EDEN Doctoral Seminar on Audit Research                                                   | EIASM                                            | 4       | mrt/25        |
| EDEN DOCTORAL SEMINAR ON CONSUMER RESEARCH                                                | EIASM                                            | 4       | feb/25        |
| EDEN DOCTORAL SEMINAR ON DEVELOPING THEORETICAL CONTRIBUTIONS                             | EIASM                                            | 4       | jan/22        |
| Eden Doctoral Seminar on Qualitative Methods in Business Research                         | EIASM                                            | 6       | dec/22        |
| Effective College Teaching                                                                | California State University                      | 1,5     | jan/22        |
| Endogeneity in Applied Empirical Research                                                 | VBH - Prodok                                     | 6       | apr/26        |
| EPICENTER Summer Course in Epistemic Game Theory 2024                                     | Maastricht University                            | 6,5     | mei/24        |
| EURO PhD School (EPS) on Data Driven Decision Making and Optimization                     | University of Seville                            | 5       | jan/22        |
| Experimental Design and Analysis I (Part I—Foundations)                                   | University of Ljubljana - Doctoral Summer School | 4       | jun/24        |
| Experimental Design and Analysis II (Part II—Advanced)                                    | University of Ljubljana - Doctoral Summer School | 4       | jun/24        |
| Experimental Health Economics                                                             | Swiss Society of Health Economics sggö           | 3       | aug/22        |
| Experimental Methods                                                                      | Erasmus Universiteit Rotterdam                   | 5       | jun/23        |
| Exploring Causal Complexity with Qualitative Comparative Analysis (QCA)                   | Social Sciences Methods                          | 4       | jan/26        |
| Financial Risk Management                                                                 | Antwerp Management School (AMS)                  | 1,5     | feb/22        |
| Foundational Theories of Strategic Management Research                                    | VHB - Prodok                                     | 6       | apr/22        |
| Foundations of Entrepreneurship                                                           | Copenhagen Business School                       | 5       | feb/25        |
| Foundations of Entrepreneurship                                                           | Copenhagen Business School                       | 5       | feb/26        |
| Foundations of Machine Learning with Applications in Python                               | Tinbergen Institute                              | 3       | apr/23        |
| Globalisation and development                                                             | Universiteit Antwerpen                           | 6       | jan/23        |
| Intellectual Property Management                                                          | KU Leuven                                        | 4       | mrt/25        |
| Inter- and Transdisciplinary Research                                                     | Universiteit Antwerpen                           | 3       | feb/26        |
| International Trade                                                                       | PSE Summer School - Paris school of economics    | 3       | feb/23        |
| Introduction to Data Science with Python                                                  | University of Ljubljana                          | 4       | jan/22        |
| Introduction to Qualitative Comparative Analysis (QCA)                                    | MethodsNET                                       | 4       | feb/26        |
| LIS Summer Workshop on "Comparative Inequality Measurement using the LIS & LWS Databases" | LIS Cross-National Data Center                   | 2       | apr/26        |
| Logistics Optimization Systems and Algorithms (OPG2IL)                                    | University of Applied Sciences Upper Austria     | 4       | nov/25        |
| Machine Learning for Econometrics                                                         | KU Leuven                                        | 6       | feb/26        |
| Machine Learning Summer School on Reliability & Safety                                    | Jagiellonian University                          | 4       | apr/26        |
| Machine Learning with Python                                                              | Universiteit Gent                                | 3       | jan/23        |
| Management and Economics of Innovation                                                    | Copenhagen Business School                       | 5       | aug/22        |
| Managing Interorganizational Relations - Process Views                                    | VHB - Prodok                                     | 6       | feb/22        |
| Maritime Economics & Business                                                             | Antwerp Management School (AMS)                  | 3       | sep/24        |
| Maritime Transport Market Analysis                                                        | Antwerp Management School (AMS)                  | 1,5     | sep/24        |
| Master Class Maritime Economics & Business                                                | Antwerp Management School                        | 6       | dec/25        |
| Mediation, Moderation, and Conditional Process Modeling                                   | Erasmus University Rotterdam                     | 2       | jun/24        |
| Medical Decision Making - A Health Economic Perspective                                   | Swiss Society of Health Economics sggö           | 3       | aug/22        |
