Application procedure Erasmus Student Mobility for Studies (SMS)
(study only)

START

Nomination by your home university

Contact the International Coordinator of your home institution to discuss what your options are.

Make sure your Faculty/University has an agreement with our Faculty of Medicine and Health Sciences and/or with the University of Antwerp.

Obtain a nomination from the International Coordinator of your home institution.

Ask your Coordinator to nominate you before the deadline:

1st semester and full year: **15 April**
2nd semester: **15 October**

Application by the student

Once you are nominated you will receive an automated email from the UAntwerp with instructions and **a manual**.

Use the guidelines in this manual to complete your application in **Mobility-Online**.

One of the mandatory steps in the online application procedures is completing your **Digital Learning Agreement** (DLA)

Have a good look at the **Medicine curriculum** for exchange students.

Make sure you know the language requirements of the University of Antwerp. Consider including language courses in your programme if necessary.

Contact our Internationalisation Officer (international.office.medhealth@uantwerp.be) to discuss your study programme. Do not forget to liaise with your International Coordinator as well.

Contact your International Coordinator and ask for the procedure to create a Digital Learning Agreement.

Complete your DLA and sign it online. Your home university will receive a notification about your DLA once you have signed it.

Your DLA should be signed by yourself and by your home university before the application deadline:

1st semester and full year: **15 May**
2nd semester: **1 November**

Approval

Our Internationalisation Officer and Departmental Coordinator will check your final DLA and your online mobility file.

If everything is complete they will approve your file and sign your DLA.

Acceptance

Once your DLA is signed by the 3 parties you will receive an **acceptance letter** from the International Relations Office of the UAntwerp.

Congratulations, you are now registered at the Uantwerp. Welcome to our Faculty!
