

Preliminary programme IDR Summer School (18-22 August)

Day 1 (18/8)

'Introduction, theoretical framework and course process'

Morning session

Introduction

Content

Objective, Defining a research challenge / IDR idea and approaches
IDR theory and perspective taking

IDR teams

Theory on '**Framing & Grounding**' + tools

How to facilitate interdisciplinary research & team dynamics

Lunch

Afternoon session

Examples

Content

Examples of good IDR projects, by IDR Facilitators

'Death Care' project (prof. Dr. Katrien Schaubrouck)

'Sense of Wonder' project (Kristof Timmermans)

Apply

Working group exercise on research cases (Aquaponics, Intercoast)

Apply this process step to your project idea/case

Round-up

Group Discussion

Group dinner

Day 2 (19/8)

'Inter- and transdisciplinary perspective taking on the (societal) challenge'

Morning session

Theory

Stakeholders

Examples

Content

'**Perspective Taking**' + tools

Stakeholder involvement: Importance and practical implementation

Dealing with stakeholder involvement and academic perspectives:

The 'CityMove' HorizonEurope project by prof. Dr. Hilde Bastiaens

Lunch

Afternoon session

Apply

Content

Perspective taking & stakeholder management

'Belevingswandeling' Middelheimproject 'Bypass' with Grietje D'Hollander (Middelheim Museum)

Apply this process step to your project idea/case

Round-up

Individual feedback on progress with IDR facilitators

Day 3 (20/8)

'Creating common ground between theories and actors'

Morning session

Theory

Examples

Content

'**Creating Common ground**' + tools

Part 1. -"Theatre workshop" on creating common ground on the PFAS case Academic workshop 'Putting transdisciplinary research creation in practice' with Carlo Sella (Universidad Autonoma de Barcelona)

Lunch

Afternoon session

Content

Apply	Part 2. Continuation academic workshop on creating common ground
	Apply this process step to your project idea/case
Round-up	Group discussion

Day 4 (21/8)	<i>'Integrating perspectives and impact'</i>
---------------------	---

Morning session

Theory
Examples

Content

Insights in '**Integrating perspectives & Impact**' + tools
'IDR & Impact' & other citizens science cases by IDR Facilitators

Lunch

Afternoon session

Apply

Content

Working groups exercise on research cases
Pitching guidelines & Presentation skills
IDR Facilitator profiles
Working time for preparing pitch
Conclusions and questions

Round-up

Day 5 (21/6)	<i>'Presenting your IDR project'</i>
---------------------	---

Morning session

Reflection

Content

Presentation content and discussion in working groups
Individual feedback with IDR Facilitators

Lunch

Afternoon session

Apply

Content

Individual presentations by participants
With panel of coaches and invited promotor(s) (online or live)

Round-up Masterclass

Closing reception
