

PhD research at the University of Antwerp

Prof. Serge Demeyer

Chair Antwerp Doctoral School (ADS)

March 2025

9 + 1
faculties

2 research
institutes

> 23 200
students

117 research
groups

> 5100 academic staff

2530 PhD students!

Mission statement

Through its free and innovative research, student-centred academic teaching, service to society and engagement based on our own expertise, the University of Antwerp aims to have a valuable impact and use of scientific knowledge. In this way, UAntwerp aims to contribute to the further development of a sustainable world and a democratic society based on respect for human rights.

The University of Antwerp understands its core tasks as follows:

- Academic teaching, focusing on the person as a whole
- Creative and innovative scientific research
- Service to society and engagement based on our own expertise
- Forward-thinking valorisation of knowledge, with sustainable solutions for humans and the world

The University of Antwerp is guided in these tasks by the following principles:

- Excellence emerging from a culture of quality, supported by a stimulating environment
- Academic freedom based on scientific integrity
- Students as full and co-creating partners
- At home in the city, but with a view to the world
- Diversity as added value, inclusivity as the standard
- Active pluralism as a basis for dialogue
- Encouragement for collaboration and interdisciplinarity

**Academic teaching
– with a focus on the person as a whole**

**Creative and innovative
scientific research**

**Service to society and engagement
based on our own expertise**

**Forward-thinking
valorisation of knowledge**

2530 PhD enrolments in 2023-2024: 46% international

Life after the PhD: future careers

DOCTORATEN+

Steeds meer studenten halen hun doctoraat: “Het is de sleutel tot meer kansen op werk en een hoger inkomen”

08-01-19, 06.00u - Eva Christiaens

Vlaamse doctoraatsstudenten brengen steeds meer hun project tot een goed einde. Vandaag dienen zeven op de tien hun proefschrift ook effectief in. Achttien jaar eerder slaagde nog minder dan de helft.

Het aantal doctoraatsstudenten is de laatste twintig jaar fors toegenomen. Maar ook hun slaagkansen blijven stijgen. Het aantal studenten dat na vier tot acht jaar de meet haalt, bedraagt volgens de meest recente cijfers 70,3 procent. Achttien jaar geleden lag dit nog op 46,7 procent. Dat blijkt uit gegevens van onderzoekscentrum Ecoom. Zij keken naar de resultaten van de doctoraatsstudenten die tussen de

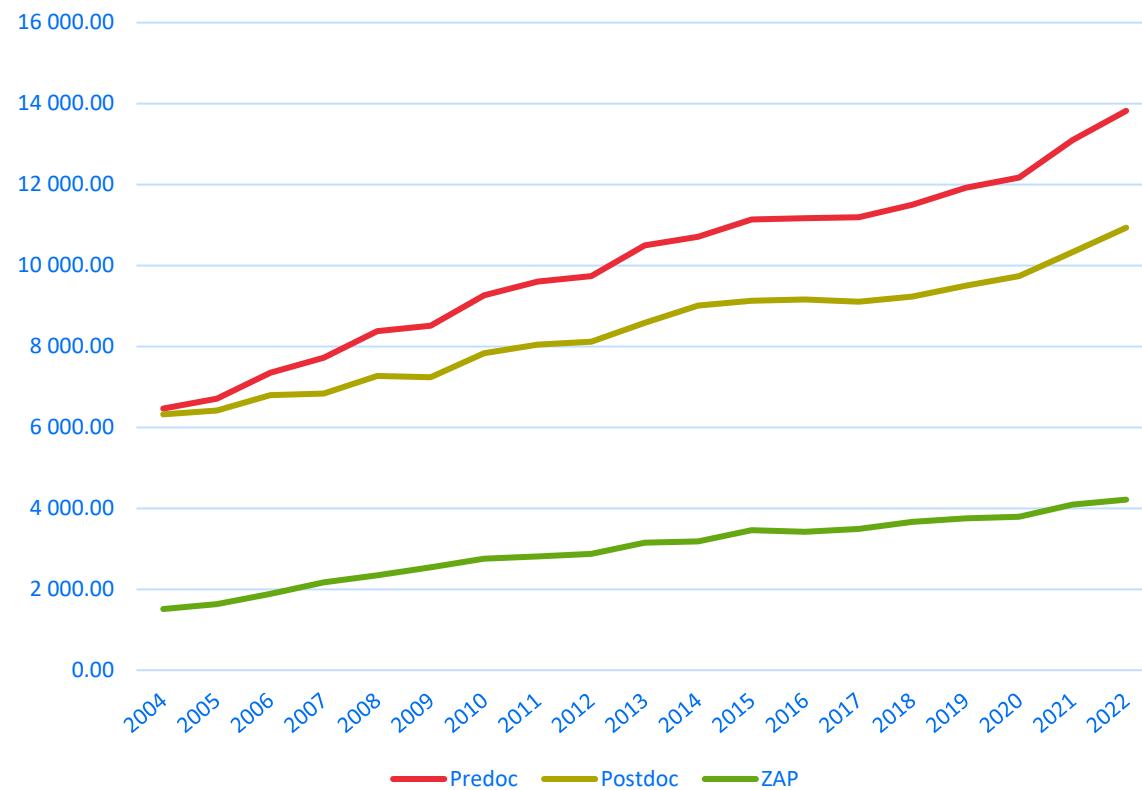

More and more researchers obtain a PhD: "A great knowledge potential on our labour market".

Flemish PhD researchers are increasingly bringing their project to a successful conclusion.

Today seven out of ten submit their dissertation successfully. Eighteen years earlier, less than half succeeded.
