

Autumn event - Antwerp in Fiscalibus

Tuesday 10 December 2019

Antwerp in Fiscalibus, the alumni association of the master after master tax law program at the University of Antwerp, cordially invites you to its next meeting, organized in collaboration with EY wavespace™.

EY wavespace™ in Antwerp provides clients with access to essential expertise and knowledge on specific technologies, such as cybersecurity, data & analytics and agile finance, and emerging technologies, such as robotic process automation and blockchain.

It is important to bring process knowledge, technology and developments within the sector together in an environment that is optimally set up for discussions about disruption, opportunities and innovation.

Afterwards you will be offered a reception in the brand new offices of EY in Berchem.

Programme:

6 pm: reception

6.30 pm: start lectures:

- Analysis of the changing regulations on the taxation of mobility in general and company cars in particular and how the impact of these changing regulations can influence the mobility choices in companies (Thomas Goorden, Manager People Advisory Services, has been working at EY for more than 6 years and is an alumnus of UAntwerp management tax)
- The developments in the international landscape (Werner Huygen, International Tax Partner, has been with EY for over 20 years and is UAntwerp alumnus)
- Quick fixes (Jan Van Moorsel, Indirect Tax Partner, has been with EY for over 20 years)
- 8 pm: reception

Practical

EY Antwerp

Borsbeeksebrug 26

2600 Berchem
