## Programme

### 4:00 pm - SESSION 1

The new way of working - tax impact behind the scenes

We see that many companies are getting ready for a business postCOVID-19. Flexibility about where and when to work is a recurring theme in this renewed way of working. However, there are a number of matters that must be taken into account in the field of valuation, both for the person himself and for the company. We are happy to give you an overview of what tax will have to look at behind the scenes to avoid unexpected and unintended consequences of this trend.

Speakers:

- Lieven Stoffelen
- Evi Geerts

### 4.30 pm - SESSION 2

Tax policy – What international developments can we expect?

The speed at which the international tax landscape is changing is unprecedented. Proposals from the OECD, the EU and the UN on transparency, digital taxes, global minimum taxes and new nexus rules follow each other in rapid succession.

Curious what the future will bring? Join our panel discussion.
