

How to pay for a StatUa course?

PhD Student registered at Antwerp Doctoral School

If you are a registered PhD student at the Antwerp Doctoral School (ADS), the registration fee will be subtracted automatically from your educational credit.

This means you don't have to do anything, unless:

- you no longer have sufficient credit
- your subscription to the ADS has not been completed yet

In the latter two cases, you need to pay like the other participants.

Other

There are 2 options:

1) Internal transfer

For UA-affiliated academic personnel that has externally raised funds and wishes to pay the course with that credit, use the form of "interne verrekeningen". Contact your secretary or the ADFIN Helpdesk for more information (do not ask StatUa! We cannot help you!). As stated on the document, it should be fully signed and sent to the finance department. Transfer the amount to StatUa's account KF070000- OW150014, and mention the name of the participant and the name of the course.

If you are not UA-affiliated, are unable to do an internal transfer, or have no idea what this is, use the second option.

2) External transfer

Wire your registration fee to the following bank account, at the latest 10 days before the start of the course: Bank accountnr: 735-0079975-35 IBAN: BE57 7350 0799 7535 BIC: KREDBEBB The bank's address is KBC, Rubens KBC Toren, Eiermarkt 20, 2000 Antwerpen. Please mention the code " UA KF070000- OW150014+ name participant + name of the course".

Please one bank transfer per person. If you are on the waiting list, wait with your payment until further notice.

Cancellation policy

Cancellation with refunding is possible until one working day prior to the start of the course.

ADS-participants who don't show up without any previous notification, lose their registration fee.
