

How Can RIVA DRIVE Your Research?

DEVELOPMENT AND TRAINING

We stimulate and train researchers, students and research support staff to realise top notch research and valorisation.

REPORTING AND ANALYSIS

We conceive, implement and maintain efficient processes and workflows according to the criterion 'enter once, reuse often'.

INFORMATION AND ADVICE

We inform, advice, support and help researchers, policy makers, and external (business) partners to reach solutions for any research or valorisation related question.

VISIBILITY AND IMPACT

We assure that successes in research are visible, and we encourage our researchers to explore opportunities for valorisation.

EXPANDING OPPORTUNITIES

We expand opportunities for our researchers by providing pro-active info on funding calls, valorisation avenues, and possibilities for maximizing impact.

REACHING OUT

We reach out for external and internal collaboration and invest in strong networks with funders, universities and other partners.

SAFEGUARDING COMPLIANCE

We efficiently implement government regulations and make sure that the university's R&I decisions are taken with all due diligence.
