Dear postdoc researcher

The Talent Center invites you to take part in the training

## Discover and access career opportunities in strategy consulting

### Content

PhDs are increasingly sought after by consulting firms, particularly in strategy, for their analytical skills and autonomy. These are very stimulating and rewarding jobs for both PhDs and their home universities. However, more than 90% of candidates fail due to a lack of preparation for the very specific recruitment needs of consulting firms.

Through experiences of a PhD working in consulting, guided case studies and a competitive and strategic analysis model, this training will provide you with the necessary tools for:

- Understanding the business of strategy consulting
- Preparing for interviews
