

Lead Research Group	Topic of Challenge
Antwerp engineering, PhotoElectroChemistry & Sensing (A-PECS) <ul style="list-style-type: none"> <li>- <a href="#">website</a></li> <li>- <a href="#">Vacancy text</a> – deadline 20 March 2025</li> </ul>	Microfluidics for sustainable photo(electro)catalysis and sensing.
Antwerp Cultural Heritage Sciences (ARCHES) <ul style="list-style-type: none"> <li>- <a href="#">website</a></li> </ul>	Heritage from Below. Heritage-making practices of immigrant-background women in Flemish urban spaces.
Computational linguistics, psycholinguistics, and sociolinguistics (CLiPS) <ul style="list-style-type: none"> <li>- <a href="#">website</a></li> </ul>	Classification of online multimodal data.
Center for Oncological Research (CORE) <ul style="list-style-type: none"> <li>- <a href="#">website</a></li> <li>- <a href="#">Vacancy text</a> – deadline 20 February 2025</li> </ul>	Identification of neoantigens in lung cancer using mass spectrometry.
Energy and Materials in Infrastructure and Buildings (EMIB) <ul style="list-style-type: none"> <li>- <a href="#">website</a></li> <li>- <a href="#">Vacancy text</a> – deadline 20 February 2025</li> </ul>	Advancements in two-phase flow and heat transfer for sustainable energy systems.
Functional Morphology (FunMorph) <ul style="list-style-type: none"> <li>- <a href="#">website</a></li> <li>- <a href="#">Vacancy text</a> – deadline 14 April 2025</li> </ul>	Innovative research on the functional morphology of organisms via dynamic X-ray imaging.
Grammar and Pragmatics (GaP) <ul style="list-style-type: none"> <li>- <a href="#">website</a></li> </ul>	Demystifying syntactic complexity in L2 English: Towards a simplified and linguistically interpretable framework.
International Politics (IP) <ul style="list-style-type: none"> <li>- <a href="#">website</a></li> </ul>	Weaponizing AI for democracy? The impact of high-tech software companies on the norms and conduct of war.
Laboratory of Microbiology, Parasitology and Hygiene (LMPH) <ul style="list-style-type: none"> <li>- <a href="#">website</a></li> <li>- <a href="#">Vacancy text</a> – deadline 17 March 2024</li> </ul>	Uncovering How Respiratory Viruses Trigger Neuronal Infection, Inflammation, and Pathways to Neurodegeneration (ReNeuVir).
Medical Genetics (MEDGEN) <ul style="list-style-type: none"> <li>- <a href="#">website</a></li> <li>- <a href="#">Vacancy tekst</a> – deadline 17 March</li> </ul>	Enhancing pancreatic neuroendocrine tumor management by characterizing molecular mechanisms driving tumor behavior through a multi-omics approach and identifying prognostic markers using a machine learning framework.
Media & ICT in Organisations and Society (MIOS) <ul style="list-style-type: none"> <li>- <a href="#">website</a></li> <li>- <a href="#">Vacancy text</a> – deadline 1 March 2025</li> </ul>	Generative Artificial intelligence for well-being in youth and young adults.
Management <ul style="list-style-type: none"> <li>- <a href="#">website</a></li> </ul>	Career Experiences and Change Resistance: How Past Roles Shape Reactions to Organizational Change.
VIB CMN – Neuroimmunology lab <ul style="list-style-type: none"> <li>- <a href="#">website</a></li> </ul>	Developing a Spectral Flow Cytometry Platform to Investigate Microglia Dynamics in Neurodegenerative and Neurodevelopmental Disease.
Personal Rights and Property Rights <ul style="list-style-type: none"> <li>- <a href="#">website</a></li> <li>- <a href="#">Vacancy text</a> – deadline 1 March 2025</li> </ul>	Liability, responsibility, and agency: Redefining private law in the era of Autonomous AI.
Translation, interpreting and intercultural studies (TricS) <ul style="list-style-type: none"> <li>- <a href="#">website</a></li> </ul>	Advancing Media Accessibility.

<p>Medicinal Chemistry (UAMC)</p> <ul style="list-style-type: none"> <li>- <a href="#">website</a></li> <li>- <a href="#">Vacancy text</a> – deadline 13 March 2025</li> </ul>	<p>Discovery of the first 'druglike' Granzyme B inhibitors, binding mode characterization and transformation into activity-based probes for Positron Emission Tomography (PET) Imaging.</p>
<p>Antwerp Media in Society Center (AMSoC)</p> <ul style="list-style-type: none"> <li>- <a href="#">website</a></li> <li>- <a href="#">Vacancy text</a> – deadline 22 April 2025</li> </ul>	<p>Critical social perspectives on AI in media</p>
