

*Omar Biondo* (Italy) studied the master Land & Environment Science and Technology, at the University of Padova. He did his PhD in our group, from November 2019 till July 2023, as a joint PhD with TU Eindhoven, on modelling and experiments for various CO<sub>2</sub> plasmas. He stayed on as an FWO postdoc in our group, and is now focussing on CFD modelling of microwave plasmas for CO<sub>2</sub> conversion.
