

# IMDO – The Institute for interdisciplinary research & education

Prof. dr. Silvia Lenaerts

Vice-rector Innovation & Valorisation

Chair person of the Institute of Environment & Sustainable Development (IMDO)

# Strong Together!

- Cooperative research for integrated solutions
- Team of experts from different disciplines
- Better valorisation & communication
- Together with authorities, companies and citizens
- Focus on the transition to a sustainable society & economy

# Water-Link Chair as good practice

- Long-term cooperation
- Innovation with direct application
- Bringing together expertise from chemistry, risk assessment, environmental economy & sociology
- Jointly prepare for the future

# IMDO: a strong brand

- Institute of interdisciplinary education & research
- Catalyst for cooperative research
- Contact point on research for environment and sustainable development

**IMDO**

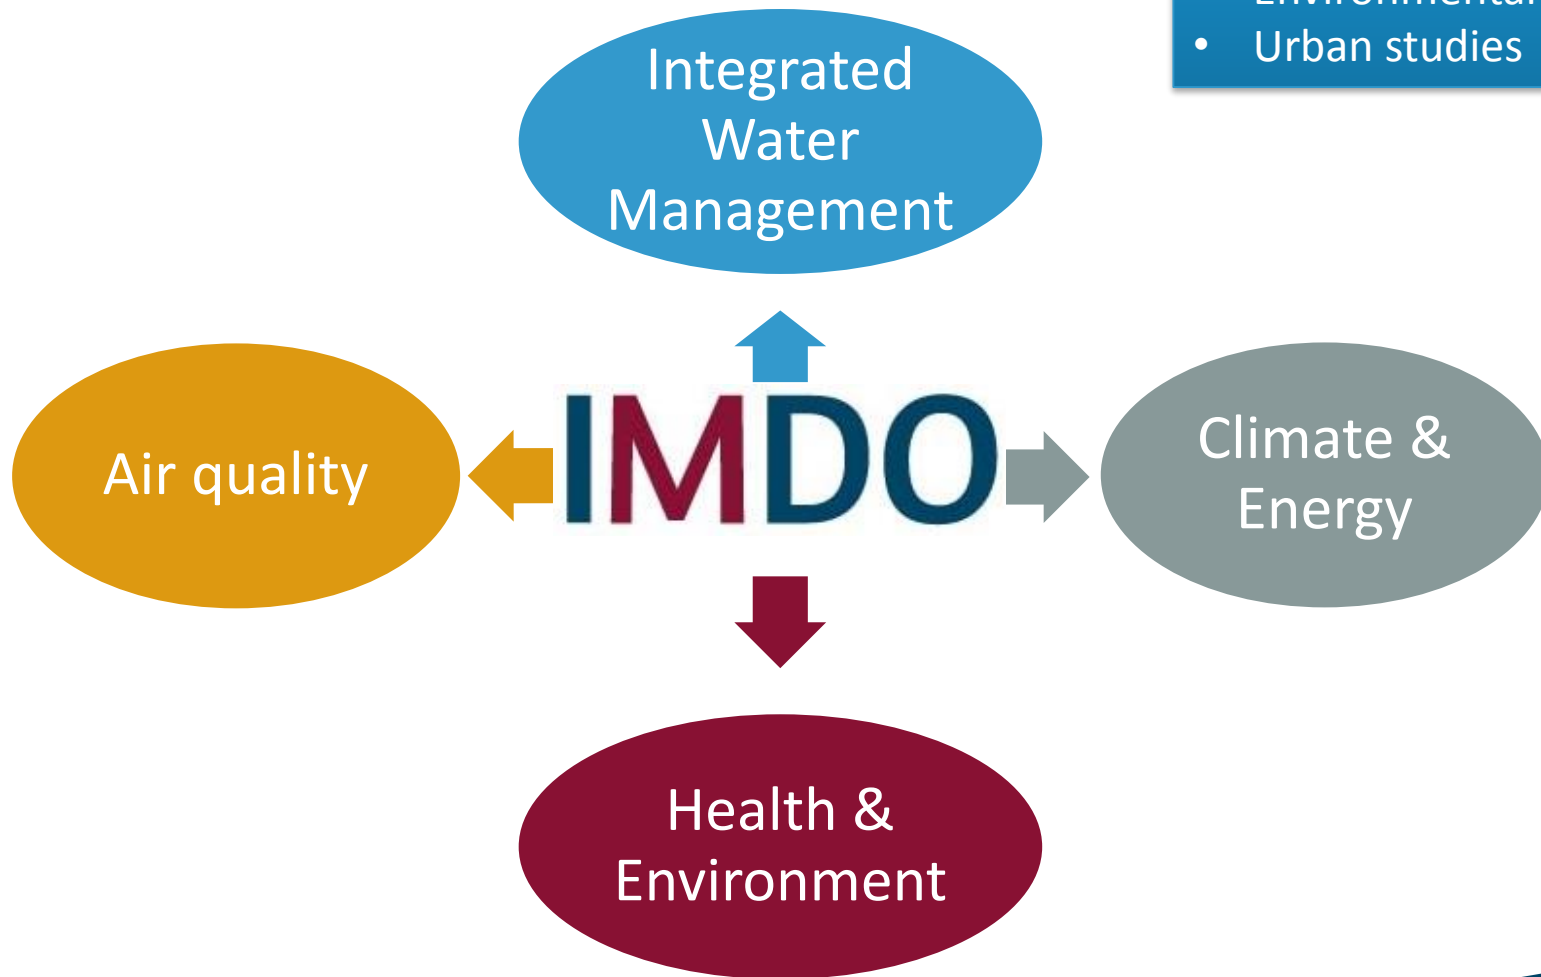

**Instituut voor Milieu & Duurzame Ontwikkeling**  
Universiteit Antwerpen

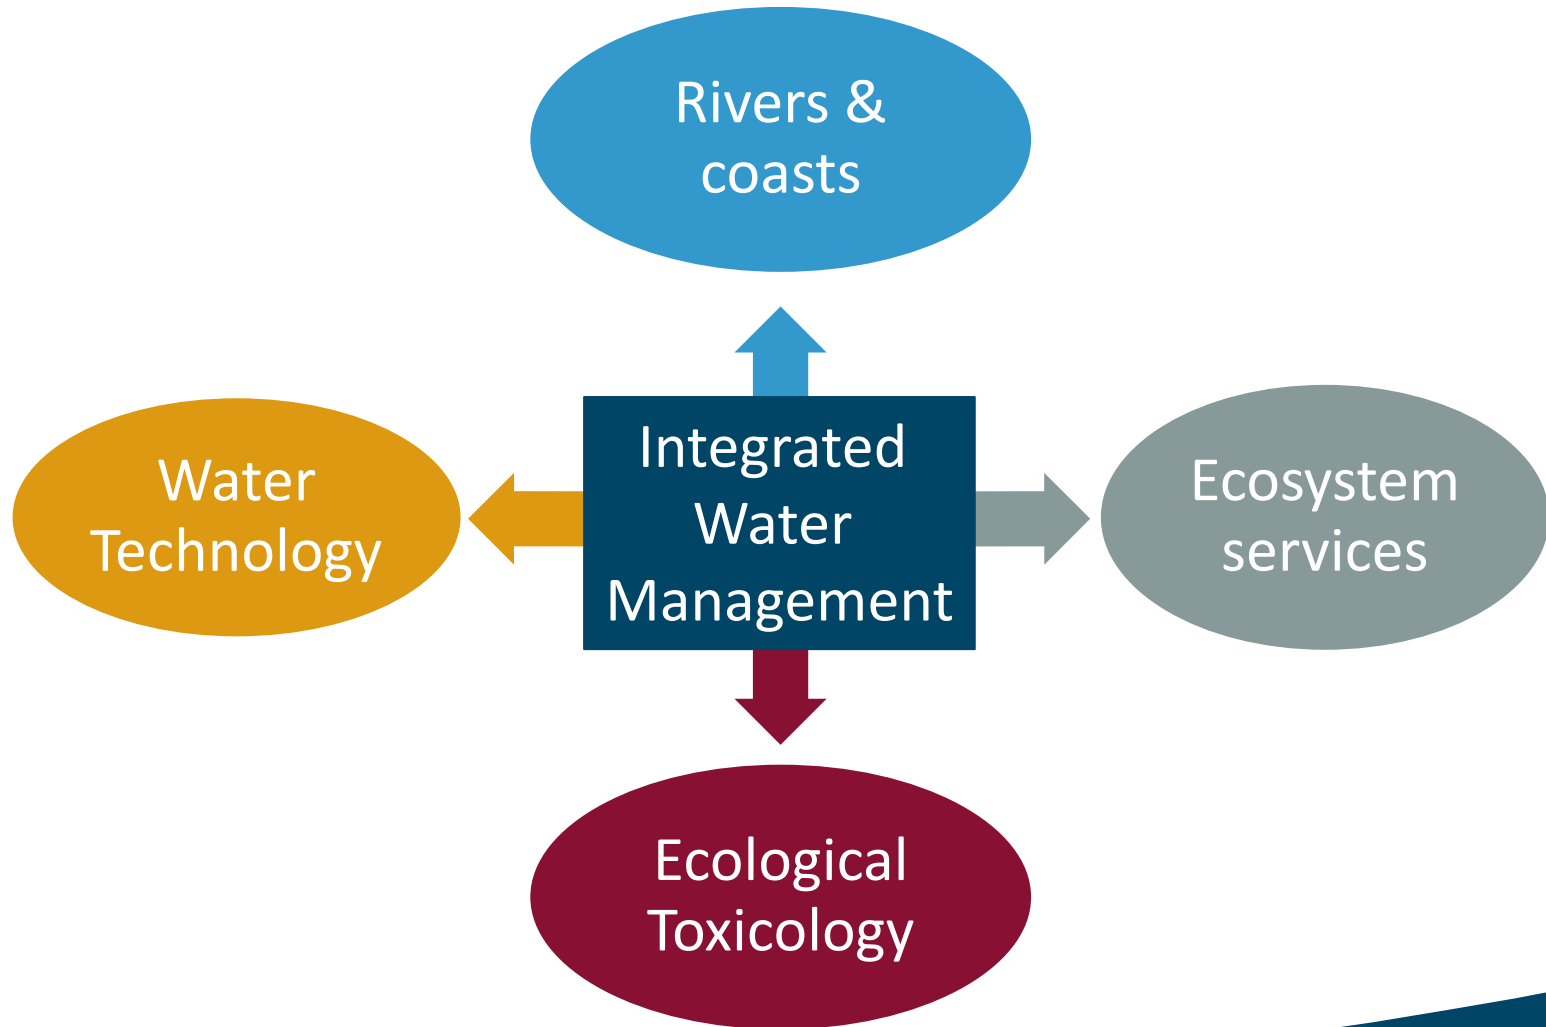

# Research at IMDO: 4 cross-cutting clusters

Each cluster may cover:

- Natural sciences
- Engineering
- Social sciences
- Environmental economics
- Urban studies

# Further detail on the cluster “integrated water management”

# Education at IMDO

- Master & PhD in Environmental Sciences
- Postgraduate Environmental Coordinator
- Postgraduate 'Energy & Climate'
- Advanced Master in Technology for Integrated Water Management

# Sustainable Development

- Since 30 years, but still up to date
- Focus on interdisciplinary cooperation
- Forthcoming: Antwerp knowledge centre on sustainability

UAntwerpen works  
towards a sustainable  
future
