Citylabs LA: Rationale

- Overall goal?
  - Erasmus +, key action 2: Innovation in **Learning methods**
  - through Problem Based Learning (PBL)
  - to create networks between HEI's and societal actors, focusing on sustainable cities
- Why problem based learning?
  - Traditional learning methods (ex cathedra) have relatively poor performance
  - PBL learns from real life problems and closes the gap between theoretical knowledge and practical knowledge
  - PBL is focused on the application of knowledge and skills and student-oriented
  - PBL strengthens competences in interdisciplinary and transdisciplinary approaches

Citylab modules

- Use PBL methodology
- Are developed and ran by Campus Teams at each university
- Are (transformed) courses part of existing curriculum
- Are interdisciplinary and transdisciplinary
- Focus on complex problems attaining SDG's in cities
- Involved in the CITYLAB student competition
